

Notice to Students Occupying Garland Hall:

May 4, 2019

This notice follows President Daniels' letter on May 3 (attached) offering to schedule a meeting. As a point of contact, please use the studentaffairs@jhu.edu email and someone will follow-up immediately regarding next steps.

The university has an obligation not only to you but also to your family to do our best to ensure your health and safety. To this end, all methods possible will be used to check on the well-being of students, including reaching out to emergency contacts.

Everyone is eager to bring the occupation to an end.
